The Northbridge Education Foundation is pleased to announce two new developments that will help support the continuation of activities and sports in the Northbridge Public Schools. The Foundation has secured funding through a \$110,000 line of credit with UniBank, guaranteed by a group of dedicated parents, that will enable the schools to offer all co-curricular activities, including athletics, through the first half of the 2007 – 2008 school year.

The Foundation has also funded and forwarded to the Northbridge School District, the pre-requisite MIAA (Massachusetts Interscholastic Athletic Association) registration fee of \$1,700 which allows us to participate in interscholastic athletics for the entire school year. All students who will be participating in the fall athletic program may pick up their athletic registration forms in the high school office beginning on August 1, 2007.

The board is grateful to all who continue to contribute to the Northbridge Education Foundation and to the well being of our students.

The Northbridge Education Foundation is an independent, community-based, non-profit organization which awards funds, via grants to the Northbridge Public School System for the benefit of its students. We will continue to work closely with the school system to secure financial support for the second half of the upcoming school year and our goal is to be able to fund all activities and athletics through the spring. Please visit our website at www.northbridgefoundation.com to learn more about our upcoming events.
